

WIRE

AC CUT AL 900

High performance zinc coated brass wire

- AC Cut AL 900 is a high performance zinc coated brass wire using an economical manufacturing process which makes it very competitive
- Perfect surface quality and highest precision
- Perfectly compatible with AC Cut A 900 technologies
- AC Cut AL 900 is recommended for a large range of application including moulds, cutting tools and general mechanic, requiring high precision and fine surface finish

Specifications

Coating	Conductivity	Elongation	Material	Resistance
Zinc	22 % IACS	1.5 %	Brass CuZn37	900 N/mm ²

Packaging

Reference	Wire diameter (mm)	Spool weight(kg)	Spool Type	Spool / Package
950-104-000	0.20	8	K160	2
950-104-001	0.20	16	K200	1
950-104-002	0.20	5	P5	4
950-104-003	0.20	10	P10	2
950-104-004	0.20	20	P15	1
950-104-005	0.25	8	K160	2
950-104-006	0.25	16	K200	1
